THALES All shit is water. **ANAXIMANDER** There is an unlimited amount of shit. **PYTHAGORAS** Shit is a number. **XENOPHANES** If shit had a God, God would look like shit. **PARMENIDES** One big, finite, round, motionless, continuous shit. **HERACLITUS** You can't step in the same shit twice. **ZENO** If you can cut shit in half forever, is shit infinite? **SOCRATES** The unexamined shit is not worth shitting. **PLATO** All shit is a shadow of the Ideal Shit. **ARISTOTLE** Shit is what shit does. **EPICURUS** This shit feels good. **STOICS** I can handle this shit. **SCEPTICS** I'm not sure about this shit. **NEOPLATONISM** The First Shit is the best shit. **AUGUSTINE** We can know God's shit. **AVICENNA** First there was the universal shit, then all the particular shits. **AVERROES** God turns potential shit into actual shit. **MAIMONIDES** God takes no literal shits, only allegorical ones. **AQUINAS** In his goodness, God created all this shit. **OCCAM** Given several shits, the simpler shit is more likely to be the true shit. **COPERNICUS** We're not the center of all this shit. **GALILEO** This shit moves (no matter what the Pope says). **DESCARTES** I think, therefore I shit. **HOBBS** This shit is nasty, brutish and short. **SPINOZA** One big, beautiful, rational, cosmic shit. **LEIBNIZ** In every head is a little shithead. **LOCKE** The shape and size of this piece of shit are truly in this shit, but its smell and color are only in my mind. **BERKELEY** There is no shit, only God's idea of shit. **HUME** There is no shit, just me shitting. **VOLTAIRE** This is the best of all possible shits. **ROUSSEAU** Man is free to shit but is everywhere constipated. **KANT** Shit as though everyone were to shit as you shit. **FICHTE** My shit is even more idealistic than Kant's shit. **SCHELLING** This shit is too beautiful not to be real. **HEGEL** Shit and anti-shit make better shit (but the 19th century German State is the best shit of all.) **FEUREBACH** You are what you shit. **MARX** You have nothing to lose but your shit—you have a whole shit-house to win. **LENIN** What is to be shit? **MAO** This shit has a distinctly Chinese character. **COMPTE** The only shit is the shit you can smell. **MILL** The greatest shit for the greatest number. **SCHOPENHAUER** Will this unhappy shit. **KIERKEGAARD** In fear and trembling I leap into the shit. **DOSTOYEVSKI** If no shit is true, then all shitting is permitted. **NIETZSCHE** Overcome your shit. **FREUD** Improper toilet training during the anal stage of psycho-sexual development — a classic conflict between the id, which derives pleasure from fecal expulsion, and the ego and superego, which represent the practical and societal pressures to control anal activity — can lead to the formation of an anal retentive character type: an adult, literally, who hasn't fully dealt with their childhood shit. **JUNG** Your individual shit is an archetype of the collective shit. **JAMES** All shit is of one fundamental shittiness, neither just in my mind nor in the toilet. **RUSSELL** I will give you a definite description of this shit. **WITTGENSTEIN** The shit of which you cannot speak, must be pointed at. **WHITEHEAD** Every shit is everywhere at all times. **BERGSON** We live amidst a dynamic flux of shit. **HEIDEGGER** Shit! I was a Nazi. **ARENDT** Shit! I slept with him. **HUSSERL** Bracket this [shit]. **MERLEAU-PONTY** Shit is a bowel movement of the lived and existential body. **SARTRE** Hell is other people's shit. **DE BEAUVOIR** One is not born a shit, but rather becomes a shit. **CAMUS** Rebel against this absurd shit. **FANON** Instead of pretending to be white shit, black shit should violently overthrow colonialism. **LEVI-STRAUSS** There can be no raw shit unless some other shit is cooked. **BARTHES** Even the most natural-looking shit is the product of bourgeois artifice. **LACAN** Shit is the languaged Other. **DERRIDA** Deconstruct the privileging of shit over crap. **FOUCAULT** Shit was socially constructed in the 17th century. **LYOTARD** Be skeptical of all meta-shit. **BAUDRILLARD** Shit is no longer possible, only the simulacrum of shit. **RAWLS** Maximize the shit-size of the one who shits least. **CHOMSKY** Corporate media is full of shit. **RORTY** It all depends who's shitting. **MINSKY** Let's make some intelligent artificial shit! **SEARLE** Even if you could make artificial shit that behaved intelligently, it still wouldn't be the real shit.
